What is Long-Term Disability Insurance?

Long-Term Disability (LTD) insurance can help replace a portion of your income if you are unable to work for an extended period of time due to a sickness or accidental injury. It helps to provide the day to day peace of mind that comes from knowing that, during the time you would be recovering from a significant event in your life, you may not have to shoulder the additional burden of wondering how you're going to pay for the things that would still have to be paid for.

Why Should I Consider LTD Insurance?

You may have already purchased home, auto and life insurance to protect yourself against the threat of loss. And, you may already have health insurance to protect you against the cost of medical bills. But, have you protected one of your most valuable assets – your ability to work and earn a living?

Nobody ever thinks it will happen to them, but unfortunately, it can. The car accident, the illness, the slip on an icy sidewalk, the fall down steps or off a bike. And, sometimes these events can deprive you of one of your most important and valuable assets—your ability to earn an income. A disability absence from work can potentially last for several years. That's a long time to survive without a steady income. While some people may be able to survive without working for a few months by tapping into their savings, what happens after that? Would you be able to meet your financial obligations if you became disabled and were unable to work for an extended period? Recent statistics have shown:

More than half of Americans (or 51 percent) have less than three months' worth of expenses covered in an emergency fund. ¹ More than one in four of today's 20-year-olds can expect to be out of work for at least a year because of a disabling condition before they reach the normal retirement age.²

Your employer recognizes the need for you to protect your ability to earn an income and is offering you the opportunity to enroll in Long Term Disability insurance coverage from MetLife. The plan is being made available to you with the convenience of payroll deduction so you don't have to worry about mailing monthly payments.

Eligibility Requirements

Long Term Disability:

All Active Full Time Employees working at least 30 hours per week are eligible to participate.

How is "Disability" defined under the Plan?

Generally, you are considered disabled and eligible for long term benefits if, during your elimination period and the next 24 months you are unable to earn more than 80% of your predisability earnings at your own occupation for any employer in your national economy due to sickness, pregnancy or accidental injury, while you are receiving appropriate care and treatment and complying with the requirements of the treatment.

Following the Own Occupation period, you are considered disabled if, due to sickness, pregnancy or accidental injury, you are receiving appropriate care and treatment and complying with the requirements of treatment and you are unable to earn 60% of your predisability earnings at any gainful occupation for which you are reasonably qualified taking into account your training, education and experience.

For a complete description of this and other requirements that must be met, refer to the Certificate of Insurance/Summary Plan Description provided by your Employer or contact your MetLife benefits administrator with any questions

What is the benefit amount?

Long Term Disability:

The Long Term Disability benefit replaces a portion of your predisability monthly earnings, less other income you may receive from other sources¹ during the same Disability (e.g., Social Security, Workers' Compensation, vacation pay etc.).

The Benefit amount is 60% of your predisability monthly earnings.

What is the maximum monthly benefit?

The amount of Long Term Disability benefit may not exceed the maximum monthly benefit established under the plan, regardless of your annual salary amount. The maximum under this plan is \$6,000.

If I do not enroll during my group's initial open enrollment period can I still purchase coverage at a later date?

Yes, employees who do not elect coverage during the initial 31-day open enrollment period may still elect coverage at future enrollments. You may be required to submit a Statement of Health or meet certain pre-existing condition limitations.

When do benefits begin and how long do they continue?

Benefits begin after the end of the elimination period. The elimination period begins on the day you become disabled and is the length of time you must wait while being disabled before you are eligible to receive a benefit. Your elimination period for Long Term Disability is 180 days.

Your plan's maximum benefit period and any specific limitations are described in the Certificate of Insurance/Summary Plan Description provided by your Employer, or contact your MetLife benefits administrator with any questions
